# Odyssey

[honda.ca/odyssey](https://honda.ca/odyssey)

**HONDA**

Whoever said life moves fast nailed it. One minute, they're crawling towards you. The next, they're running away. It's not you – it's just the way things go. Maybe it's best to kick things into cruise control, and enjoy as this journey unfolds.

#### OVERVIEW

## Premium family function.

The updated 2021 Odyssey is here and it's mighty impressive. Loaded with innovative features and technologies, the Odyssey is your source for convenience, connectivity and tons of fun. With the versatile Magic Slide 2nd-Row Seats™, passenger accessibility and comfort is maximized. To keep everyone on board happy, the Odyssey impressively offers available AT&T Wi-Fi hotspot<sup>2,3</sup> and an available advanced Rear Entertainment System with streaming capability. With the available CabinWatch™<sup>1</sup> and CabinTalk™<sup>1</sup> features, it's easy to see and communicate with passengers in the rear seats. From information and entertainment to navigation and trip-enhancing convenience, this is one minivan that aims to impress you and any passengers on board.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.
2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.
3. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T or visit [att.com/honda](http://att.com/honda) to purchase available data plans. 4G LTE connection speeds may vary by region.

Odyssey Touring in Obsidian Blue Pearl.

EXTERIOR/STYLING

## Up-to-date and up to the task.

The updated 2021 Odyssey is the perfect accessory for any family. Its modern design boasts a bold new gloss-black grille and available 2-tone 19" aluminum-alloy wheels. Up front, the Odyssey shines bright with LED daytime running lights, headlights, and fog lights, with LED taillights at the rear, while the available auto-dimming side mirrors help to keep the lights from other drivers from becoming distracting. Late or early, you'll always arrive fashionably.

**Key features:** LED taillights, LED fog lights, LED daytime running lights and LED headlights, Power sliding doors, New grille, New front bumper, Available 19" aluminum-alloy wheels, Available hands-free power tailgate with programmable height, Available auto-dimming side mirrors

Odyssey Touring in Lunar Silver Metallic

#### INTERIOR

## A exceptional interior.

The versatile interior of the Odyssey is perfect for your unpredictable lifestyle. It comes standard with a proximity key entry system with pushbutton start and remote engine starter so you can quickly get on your way. Once inside, the standard 8-passenger seating (with available leather-trimmed seating surfaces) and cavernous cargo room with plenty of storage prove this minivan is far from mini. And if the kids start to fight, don't fret. In the 2021 Odyssey, you can easily slide them apart with the Magic Slide 2nd-Row Seats™. These seats easily reconfigure for enhanced passenger comfort, cargo-hauling flexibility and easy access to the third row. In the back, simply pull on the seatback strap of the One-Motion 60/40 Split 3rd-Row Magic Seat® and it effortlessly folds away to create even more cargo space in seconds.

While the Magic Slide™ seats help keep the peace, the HondaVAC™ helps keep your Odyssey looking clean. And there's more fun to be had in the heated front seats. The front passenger's seat now features available 8-way power adjustment including available 4-way power lumbar support. And the available heated leather-wrapped steering wheel will help keep you cozy on cold morning drives.

VERSATILITY

## Keep the kids well-adjusted.

Say hello to your new favourite seat. Well, besides the driver's seat, of course. The Magic Slide 2nd-Row Seats™ on the 2021 Odyssey enhance the cabin seating flexibility with four, easily reconfigurable modes to keep you and your passengers happy.

### Standard Seating

In Standard Seating Mode, with the centre seat in place, you can comfortably seat 8 passengers.

### Easy Access Mode

With the centre seat removed in Easy Access Mode, the outboard seats slide laterally through five selectable positions, allowing for easy access to the third row even with one or two rear-facing child seats installed in the second row.

### Buddy Mode

In Buddy Mode with the centre seat removed, you can put two passengers together and within easier reach of the front seats.

### Separation Mode

With the centre seat removed, Separation Mode allows the two outboard seats to slide to their outermost positions.

Odyssey EX-L in Lunar Silver Metallic.

ENTERTAINMENT / TECHNOLOGY

## Check the tech.

1. Multi-angle rearview camera<sup>1</sup> with dynamic guidelines
2. Available Honda LaneWatch™ blind spot display<sup>1</sup>
3. Available CabinWatch™<sup>1</sup> rear seat monitor
4. Available CabinTalk™<sup>1</sup> in-car PA
5. Available Blind Spot Information (BSI) system<sup>1</sup>
6. Available Advanced Rear Entertainment System

Gone are the days of worrying what the kids are getting up to in the back rows. With available CabinWatch™<sup>1</sup> you can monitor the second row (even with a child in a rear facing car seat) and third row on the 8" centre display, both day and night. Get used to hearing "Are we there yet?" a lot less. The available Advanced Rear Entertainment System with Blu-ray™ player and streaming capability will keep your passengers amused with the ceiling-mounted, 10.2" display, while two 2nd-row USB chargers and the available 3rd-row USB charger keeps their devices charged. With the available CabinTalk™<sup>1</sup> feature, you can get everyone's attention by broadcasting your voice to the 2nd- and 3rd-row speakers and headphones.

The 2021 Odyssey is designed to make the guesswork outside of the vehicle a lot easier, too, with features like the available Blind Spot Information (BSI) system<sup>1</sup>, the available Rear Cross Traffic Monitor<sup>1</sup> system and the multi-angle rearview camera<sup>1</sup> with dynamic guidelines. From front to back, the 2021 Odyssey has stunning available tech to help keep everyone on board connected, in control, and happy.

**Key Features:** Apple CarPlay™<sup>1,2</sup> / Android Auto™<sup>1,2</sup> Remote engine start, Available CabinTalk™<sup>1</sup> in-car PA, Available CabinWatch™<sup>1</sup> rear seat monitor, Display Audio System<sup>1</sup> with available Honda Satellite-Linked Navigation System™<sup>1,3</sup> Available wireless charging, Available 3rd-row USB charger

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
 2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.  
 3. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

The 2021 Honda Odyssey is designed for the long haul, with a comfortable ride that will make “Are we there yet?” a question of the past.

# Work those connections.

The Odyssey is just as tech-savvy as you. The available HondaLink™ Subscription Services<sup>1,2,3</sup> helps connect you to a world of features both inside and outside of your vehicle, while other available apps and features are designed to entertain and inform.

## HondaLink™ SUBSCRIPTION SERVICES<sup>1,2,3</sup>

### Remote Start

Enjoy getting into a comfortable car with automatically adjusted climate control.

### Remote Door Lock/Unlock

Whether you're locked out or forgot to lock up, count on quick, keyless entry and remote assurance from almost anywhere.

### Geofence Alert

Get notified when your car enters or leaves a designated region.

### Stolen Vehicle Locator

Designed to help recover your stolen vehicle faster. The system uses sophisticated technology to assist the authorities with attempting to find your vehicle.

### Auto Collision Notification (ACN)

In the event of an accident, a Response Agent automatically checks in and helps send emergency care, even when passengers aren't able to respond.

## ADVANCED CONNECTIVITY

### AT&T Wi-Fi Hotspot

Connect up to 7 compatible devices with your vehicle's available built-in Wi-Fi hotspot.<sup>2,4</sup> Enjoy up to 4G LTE speeds on multiple devices. From the open road, you'll be able to stream hours of videos, play games, get real-time email access and surf the web. You'll be able to stay connected up to 50 feet away from your Odyssey.

### CabinControl™ app

CabinControl™<sup>1,2</sup> gives everyone the opportunity to control the rear temperature, add music to a playlist and send an address to the available Honda Satellite-Linked Navigation System™<sup>1,5</sup>.

### "How Much Farther?®" app

The available "How Much Farther?®" app<sup>5</sup> is a child-friendly navigation tracking App built in to the Rear Entertainment System. Using multiple background themes with animation, your passengers can track the trip's progress in a fun and interactive way.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon:  
 1. GPS satellite signal reception and available cellular data and/or voice connection; or  
 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

3. Subscription to HondaLink™ services is required. HondaLink™-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit [www.honda.ca/hondalink](http://www.honda.ca/hondalink) and [www.honda.ca/privacy](http://www.honda.ca/privacy).

4. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T or visit [att.com/honda](http://att.com/honda) to purchase available data plans. 4G LTE connection speeds may vary by region.

5. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

## Your crystal ball on wheels.

Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we've created a way forward that we can all feel good about. Whether you're driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

### BRAKE

#### Forward Collision Warning (FCW) system

The FCW system<sup>1</sup> is designed to detect the presence of vehicles in front of you and issue audible, visual and tactile alerts if you're approaching with too much speed. If you fail to respond, CMBS<sup>®</sup> is triggered into operation.

#### Collision Mitigation Braking System™ (CMBS<sup>®</sup>)

To help reduce the likelihood or severity of a frontal impact, CMBS<sup>®1</sup> is engineered to apply light brake pressure if you don't respond to FCW system alerts. If it still senses an imminent collision, CMBS<sup>®</sup> is designed to brake forcefully.

#### Lane Departure Warning (LDW) system

The LDW system<sup>1</sup> is designed to monitor vehicle lane position and issue visual and tactile alerts if your vehicle drifts into another detected lane without signaling.

#### Lane Keeping Assist System (LKAS)

The LKAS<sup>1</sup> is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

#### Road Departure Mitigation (RDM) system

The RDM system<sup>1</sup> is designed to help steer and even apply brake pressure if it detects that your vehicle may leave the road.

#### Adaptive Cruise Control (ACC) with Low-Speed Follow

The ACC system<sup>1</sup> with Low-Speed Follow is designed to keep a constant speed and set following interval behind a vehicle detected in front of you, including an ability to slow and stop according to the flow of traffic.

<sup>1</sup> None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

## Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

### ACTIVE SAFETY

#### Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brakeforce Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

#### Vehicle Stability Assist (VSA<sup>®</sup>) with Traction Control

Vehicle Stability Assist<sup>1</sup> is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

#### Tire Pressure Monitoring System (TPMS)

To promote enhanced safety and fuel efficiency, the Tire Pressure Monitoring System<sup>2</sup> continually checks the air pressure in each tire. If pressure drops in any tire, the driver receives a dashboard alert.

#### Hill Start Assist<sup>1</sup>

If you take your foot off the brake when stopped on an incline, this feature is engineered to temporarily maintain brake pressure to help prevent your Odyssey from starting to roll backwards.

#### Auto high beam<sup>1</sup>

The auto high beam feature automatically changes the low beam headlights to high beam headlights in certain circumstances to help improve your vision.

### PASSIVE SAFETY

#### Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

#### Eight standard airbags

The cabin of the Odyssey contains eight standard airbags. It features an i-SRS front airbag system, knee airbags and three-row side curtain airbags with a rollover sensor system designed to deploy if a rollover is detected. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

#### Seat belt safety

The Odyssey helps prepare you for the unexpected with 3-point height-adjustable front seat belts with an automatic tensioning system, and 3-point rear seat belts in the second and third rows.

#### Child safety

Standard Lower Anchors and Tethers for Children (LATCH) offer three secure childseat restraint positions in the second row, while the third row has two positions. The Odyssey also features childproof rear sliding door locks.

#### Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

#### Solid frame structure

Like all Honda trucks, the Odyssey is built with a rigid unit-body frame for added strength, stability and vehicle handling.

#### Rear seat reminder<sup>3</sup>

The Odyssey uses sensors designed to detect if a rear door was opened and closed since the last time the vehicle was turned off. If one has been, the vehicle will then remind you to check the back seat for any parcels, pets, or passengers that might otherwise be left in the car.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

3. Feature uses rear door sensors only. Sensors are designed to detect if a rear door was opened and closed since the last time the vehicle was turned off. Sensors do not detect the presence of rear-seat passengers or other items. Always check rear seats before exiting the vehicle.

Build & Price the 2021 Honda Odyssey online at [honda.ca/buildyourhonda](https://www.honda.ca/buildyourhonda)

**We're Here.** At Honda, assistance and support are always available.

The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9.

For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](https://www.honda.ca). It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

**We're Ready to Help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the United States (including the lower 48 states, the District of Columbia, Alaska, Hawaii, and Puerto Rico). Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**Honda Plus Extended Warranty.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**New Honda Vehicle Warranty.** The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

**Genuine Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

**Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner's manual for detailed vehicle operation and feature information.**

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle's location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. [www.honda.ca](https://www.honda.ca).

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](https://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

3. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

4. Subscription to HondaLink<sup>™</sup> services is required. HondaLink<sup>™</sup>-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink<sup>™</sup> to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink<sup>™</sup> information, please visit [www.honda.ca/hondalink](https://www.honda.ca/hondalink) and [www.honda.ca/privacy](https://www.honda.ca/privacy).

5. HomeLink<sup>®</sup> can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Honda may be required.

6. Feature uses rear door sensors only. Sensors are designed to detect if a rear door was opened and closed since the last time the vehicle was turned off. Sensors do not detect the presence of rear-seat passengers or other items. Always check rear seats before exiting the vehicle.

7. Coverage varies by market.

8. Only available in certain areas. Includes a no-charge trial of three months.

9. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

10. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T or visit [att.com/honda](https://att.com/honda) to purchase available data plans. 4G LTE connection speeds may vary by region.

# Here's to the dreamers.

## The Power of Dreams

At Honda, The Power of Dreams drives us to create intelligent products that enhance mobility and increase the joy in people's lives. It is the mindset that guides us to help move people forward and protect the future we all share.

How do we do it? We never stop dreaming. In the 70s, we were the first automaker in the industry to voluntarily adhere to emissions standards. Now, we're advancing robotics and aviation, harnessing solar power and releasing a car that emits only water.

Through it all, our goal never changes: create a safer, smarter world in which people experience the joy of mobility.

## The Honda Canada Foundation

The Honda Canada Foundation enables the realization of dreams by supporting people and organizations across the country that focus on four pillars: Family, Education, Environment and Engineering. Since 2005, more than 5.5 million Canadians have benefited from charitable programs funded by the Honda Canada Foundation.

## Blue Skies for Our Children

We believe everything we do must exist in harmony with nature. That's where "Blue Skies for Our Children" was born. It's more than a mantra – it's an environmental pledge to the Earth and our future generations. And we're practicing what we preach.

## Leading the LEED® certifications

Our sales offices also strive for environmental efficiencies. Honda's LEED® (Leadership in Energy and Environmental Design) Gold Certified Head Office campus in Markham, Ontario, includes green features such as a storm water management system, heat-reflective materials on the roof and bio swales for natural filtration. The facility uses 89 percent less litres of water per square foot and 38 percent less kilowatt hours of energy annually than the average office facility.

## Zero Waste-to-Landfill

We don't waste time. Or anything else for that matter. Our goal is to increase our recycling efforts, reduce overall waste and divert materials from landfill sites. In fact, last year we sent less than one percent of waste to landfills from our office and parts distribution facilities combined.

## One Honda. One Tree.

We're pretty obsessed with fresh air. For every lawn and garden or ATV product sold between April 1 and July 31 annually, the Honda Canada Foundation plants one tree. In the last 12 years, we've helped plant more than 160,000 trees in Canada.

## Environmental Vehicles & Technology

Blending style, efficiency and a serious amount of thrill, the Accord Hybrid makes environmental responsibility feel almost rebellious. Combining a lithium-ion battery with a 2.0-litre engine, this Hybrid lets you go more and stop less on the way. The Honda Insight exemplifies hybrid efficiency, powered by a 1.5-litre Atkinson Cycle engine, electric motor and lithium-ion battery. And the future looks brighter with Honda advancing Fuel Cell technology that emits zero emissions.

## Honda Clarity Plug-in Hybrid

Whoever said an eco-conscience came with compromise was sorely mistaken. This advanced plug-in hybrid vehicle lets you tap into electric power alongside the gas engine to create extra efficiency.
